

Kolin Kramme Brief History

I lived and ranched near Klondyke for six years. I relocated to Bonita in 1985, where I now live and ranch with my wife Lori and our son Robert. Along with cattle ranching, I do excavating and construction work. I owned Sierra Lumber in Willcox for sixteen years.

I have been on the Bonita School Board for the past twelve years. I am also on the Eureka Springs Property Owners Association Governing Board. As a result of my business connections and being a long time resident I know the needs and concerns of those residing in the Bonita area.
