

My name is Thomas "Tom" Schaff. I moved to the Gila Valley in 2009 as a Correctional Administrator with the Arizona Department of Corrections. In 2012 I retired and have since been a small business owner.

I have a strong conviction that public education is a key element in every community.

I am committed to doing my part to support and improve public education for our community's children. I believe my 20 plus years of public service will be beneficial to understanding and adapting to an ever changing society and educational environment.

I understand that achieving goals and implementing ideas to create an environment for student success requires a team approach involving board members, staff and the citizens of our community. It will be my goal to encourage a strong team approach addressing all policies and programs.

I ask for your vote so that we may work as a team to create the best learning environment possible for our children.
